Introduction

Beagle Hardware is a division of Beagle Software specializing in the sales and service of Point of Sale (POS) printers and accessories.

We sell a variety of new and fully refurbished Epson printers. Our refurbished printers carry a 90-day warranty, and a 30-day money back guarantee. We also offer a large selection of accessories.

Founded in 1997, Beagle Software is an industry leader in the computer timekeeping field. We offer a variety of software packages for keeping accurate atomic time on your computer or network. Our office is located in downtown Minneapolis, Minnesota, in the historic Warehouse District.

In 2008, Beagle Software became an Authorized Epson Envision VAR Partner.

In 2009, Beagle Software became an Authorized Epson Service Center. Our technicians have successfully completed Epson factory training.

We Buy Printers — Trade-ins Welcome!

Our trade-in program gives you the ability to upgrade older and slower printers to newer, more reliable Epson products. We offer cash-rebates that make upgrades affordable.

Beagle Hardware will purchase your surplus Epson printers and equipment. The rebate will be credited in your account. Our main interest is in models listed in this catalog, but other items may be considered. Purchasing price varies depending on condition and quantity of units.
